

## Wyoming Waves Competitive Swim Club Cheyenne, Wyoming

Welcome and thank you for your interest in Wyoming Waves Swim Club, the premier swim club in Cheyenne, Wyoming. We want you and your family to get the very most out of your experience with our club. The following are general information items that may help you in planning and answer questions you may have about joining the team.

The club swims year round with two seasons which end with State Championship meets in March and July. There are regional and national meets that become available to athletes who meet the time qualifications. Practices are at East High School who sponsors the pool time. Because the high school teams have first priority to the pool, our team practice times fluctuate slightly throughout the year but remain consistently scheduled between 4:00 and 9:00 p.m. on weekdays. There are swim meets on weekends and attendance is not required, however, participation is encouraged.

The Swim Season will run from October-September.

Fees: Fees are collected over an eight month schedule. They can be paid monthly or annually.

1 swimmer:	<u>\$45.00 or \$324.00 *annual</u>
2 swimmers:	<u>\$82.50 or \$594.00 *annual</u>
3 swimmers:	<u>\$105.00 or \$756.00 *annual</u>

\* Annual rates include a 10% discount \*

Fees are due on the 5<sup>th</sup> of each month (A \$5.00 late fee will be assessed after that date unless arrangements are made ahead of time.). If a swimmer or family of swimmers decide to take some time off it is required that notification is given. If there is no notification given, monthly billing will continue and in order to begin swimming again the account must be brought up to date or there will be a reinstatement fee of \$100.00, which ever amount is lower. There will be no monthly fees billed for June - September, however, practice and meets will continue as scheduled.

There are fees for each individual swimming meet and they are due at the time of entry.

Each family will be responsible for fund raising \$600.00 a year. This amount helps us to subsidize costs associated with managing and coaching the team. There will be four fund raisers scheduled per year to help families reach their goal. We are so happy that you have chosen our team and will be happy to answer any further questions you have.
